MESSAGE FROM ACADEMIC TEAM

“Independence is a multifaceted concept that encompasses freedom, responsibility, and the ability to shape one's own destiny. As we celebrate Independence Day, it is important to recognize the interconnected roles of education, students, and parents in nurturing this value. The freedom to pursue one's passions and interests is a powerful motivator that drives individuals to strive for excellence and live meaningful lives. For students, this freedom is essential in shaping their aspirations, creativity, and resilience. Parents play a critical role in fostering this sense of freedom, providing the support and encouragement needed for children to explore their unique paths. By nurturing this freedom, we empower the next generation to contribute positively to society and live fulfilling, purpose-driven lives”

By fostering a spirit of independence, we can empower the next generation to become informed, responsible, and engaged citizens who contribute positively to the nation's progress and uphold the values of freedom and justice.
